Mr. Barry Taylor,
Manager,
Greensafe Pty. Ltd.
P.O. Box 104,
WATERFORD. QLD. 4133

Dear Barry,

RETRACTABLE SHADE OVER DERBY MEMORIAL SWIMMING POOL

The introduction of the retractable shade sail over the Derby Memorial Swimming Pool has provided many benefits to both Council and pool patrons. The simplicity of design allows staff, after minimal instruction, to operate the product and at this point it has proven to be maintenance free.

Since its installation we have seen a marked drop in water temperature of up to 12 degrees during the warmer months of the year and a decrease in water and chemical usage which provide direct cost benefits to Council.

With the decrease in water temperature during the summer months patronage has increased and many positive comments have been received from locals and visitors regarding the shade cover over the pool.

Overall the product has been most beneficial to Council and the community and we thank you for the prompt and timely manner in which the work was carried out.

I take this opportunity to wish Greensafe Pty. Ltd. every success in its future undertakings.

Yours sincerely

John Pearson,
CHIEF EXECUTIVE OFFICER

The True Kimberley
